Celebrating 50 Years of EMS Innovation

Since 1971, **Emergency Care and Transportation of the Sick and Injured** has advanced how EMS education is delivered to help train exceptional EMS professionals around the globe. Fifty years later, the **Twelfth Edition** is now the most comprehensive, innovative EMT educational solution ever developed.

What's new in the *Twelfth Edition*

### Current State-of-the-Art Medical Content

This new edition delivers the latest medical evidence and alignment to current standards with comprehensive, evidence-based coverage of the *National EMS Education Standards* and the 2020 ILCOR Treatment Recommendations and *AHA ECC Guidelines.*

A Focus on Career Readiness and Employability

For those who care about more than just pass rates, this edition is devoted to addressing the most common job readiness issues reported by employers, including empathy, teamwork, interpersonal skills, and problem solving.

Innovative and Flexible Package Options

Helpful student resources like an audiobook, interactive lectures, simulations, and videos drive value and cater to a variety of learning styles and needs. Educators are supported by a range of instructional and assessment resources to simplify traditional, hybrid, and flipped course delivery.

Emergency Care and Transportation of the Sick and Injured

Navigate Package Comparisons

We've made important changes to the packages for the *Twelfth Edition* based on your feedback. Fisdap Scheduler and Skills Tracker are now available as an optional add-on rather than a standard component of each package. Additionally, the new Soft-Skill Simulations can be added to the Essentials package.

BEST VALUE — Premier
